PRODUCT OVERVIEW

The biggest and best range in a tech benefit.

Techscheme is a technology benefit that allows employees to :

Get the latest tech

The UK's biggest selection of brands in a tech benefit across all categories of products

Save Money

Employees save up to 12% on NIC

Spread the cost

Funding plans of 12, 24 or 36 months create affordability for all

Techscheme combines the UK's top tech retailers with Salary Reduction + NI savings, a winning combination which results in affordability and a speedy, frictionless experience.

THE PROCESS

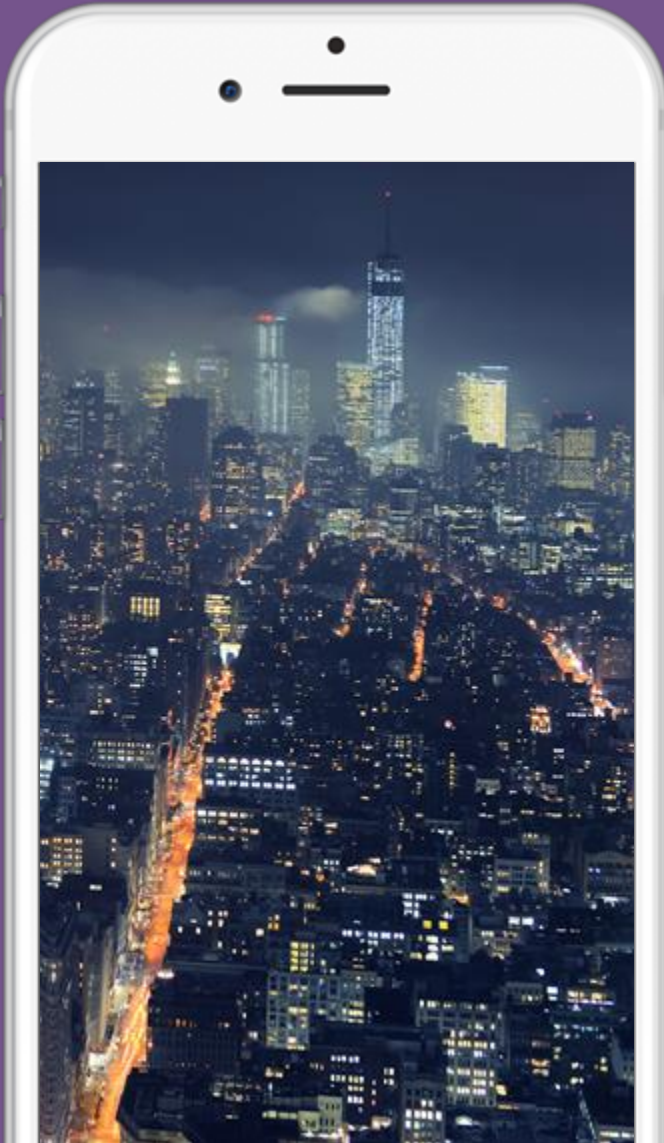

FEATURES AND BENEFITS

The most desirable and engaging benefit.

- No fees for employers and no fees for employees – we’re transparent and crystal clear.
- Employees benefit from the lowest prices in the marketplace with huge promotions from Apple and Currys PCWorld.
- Employees can pick the best deals amongst our retail partners.
- Best range of Smart Health products – your workforce will be happier and work smarter.
- Employees can choose to shop directly with Apple. Or they can get the Tech products they want from Currys PCWorld – if a product isn’t available they can choose another – no need to call the Contact Centre or Employer.
- Convenient access to warranties and customer service with retailer partners.
- Option to purchase insurance on products including accidental damage cover.
- No end of hire – ownership of the products is transferred to the employees after delivery/collection.
- We are the experts in employee benefits with over 30 years experience in the industry.
- Our platform is bespoke which means the best processes with the least admin work.
- We don’t bundle products together – we don’t force the purchasing of unnecessary items.

The most desirable and engaging benefit.

Option of 1,2 or 3 years payment plan.

Techscheme can report back to employers which products were purchased through the scheme to prevent misuse.

Option of dispatching products or issuing redemption codes before payment to ensure employees can purchase their tech products immediately.

Supports the Government's Digital Inclusion Strategy.

Techscheme is available for business irrespective of their size, from SMEs to large corporates.

Online funding plan and one-click approval including batch approval available.

It's safe and here to stay - compliant scheme design unaffected by the changes from the Autumn Statement after the HMRC benefits review.

Option of net deduction with pre-approvals up to a specified amount.
